ExcellCity: Strengthening the Scientific Excellence and Innovation Capacity in the Area of Smart City through Twinning

QED'25: DESIGNING EDUCATION ECOSYSTEMS FOR THE FUTURE: THE ROLE OF DIGITAL TECHNOLOGIES

The conference continued the global forum EDUsumMIT'25 (June 23–25, 2025, Dublin, Ireland), which brings together experts, researchers, and policy-makers in education and digital technologies.

During QED'25, key messages from EDUsumMIT'25 were presented, along with activities from the three active Bulgarian UNESCO Chairs:

- ULSIT: UNESCO Chair on ICT in Library Studies, Education and Cultural Heritage (organizer and host);
- UNWE: UNESCO Chair on Media and Information Literacy and Cultural Policies for Sustainable Development;
- Burgas Free University: UNESCO Chair on Culture of Peace and Human Rights.

The program included project presentations, discussions on the future of educational ecosystems in the digital era, and opportunities for establishing new partnerships.

On September 29, 2025, ULSIT hosted the prestigious conference **QED'25: Designing Education Ecosystems for the Future: The Role of Digital Technologies** – under the patronage of the Bulgarian National Commission for UNESCO.

The event took place in a hybrid format – in-person at ULSIT's Conference Hall and online via Google Meet, with English as the working language.
